Re: Cheese Assistant

Dear Hiring Manager:

Greetings!

I am Haries Bening and I am applying as a Cheese Assistant at Formaggi Ocello. I may not have a formal experience in handling food but I still do believe that I can do the duties and responsibilities of the said position because I am willing to learn and I am a fast learner. I am good at organizing and managing. I have also experienced working with other people and communicating with customers when I was an on-the-job trainee at a government agency in my home country. Most importantly, I love food and cheese! and I would definitely love to work related to foods.

I am available at your convenience and am eager to know more about the position. If you have any concerns or queries, I can be reached through my contact number 0430503924 or through my email address beningha.ries@gmail.com.

Thank you for your valuable time and consideration and I look forward to hearing from you.

Respectfully yours,

HARIES BENING
